

AAC – Maintaining Social Distancing

Prevention

In order to provide a workplace that promotes social distancing and limit potential exposure, we have had to make several changes

We need your support to maintain a healthy work environment for yourself, your co-workers and your family

Probably one of the biggest challenges is maintaining Social Distance

Social Distancing

- From the time you start to enter the facility, you will notice defined walking locations (cones, chains, arrows and marks)
- The marks are spaced 6 feet apart to help remind members about social distancing
- Sanitizing stations have been added at many locations
- One-way traffic flows have been established for the common areas
 - This will require patience and understanding to be effective
- The following slides will show some of the changes that have been made

Plant 1 – TM Entrance (clocking in)

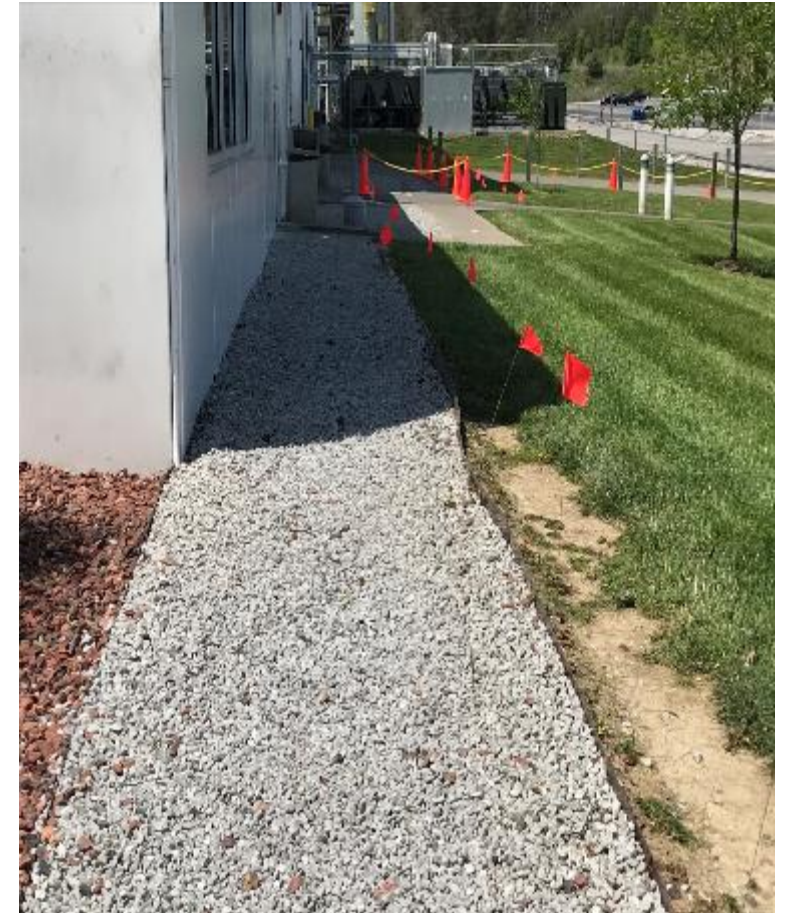

Plant 1 – Front Break Room

Plant 1 – Back Break Room

Plant 1 – TM Exit (clocking out) Front Breakroom

Plant 2 – TM Entrance (clocking in)

Plant 2 – Front Break Room

Plant 2 – Back Break Room

Plant 2 – TM Exit (clocking out) Front Breakroom

Other Significant Changes

- We will be temporarily suspending the laundering of the uniforms
 - Members will have to wash their uniforms
- Lockers cannot be used at this time
 - Members will need to remove their items for this time
- Lunch boxes
 - Due to the traffic flow in the break rooms, lunch box rack will no longer be used
- Water coolers
 - We have removed the water coolers from the floor
 - However, we will be allowing members to have cups on the floor, but they must be reusable and lidded
 - Managers are identifying areas next to your work area to store these

Other Significant Changes (Cont.)

- Smoke Rooms

- No longer located inside the Plants.
- Smoking will be allowed outside each breakroom in the marked designated areas. Please remember to maintain Social Distancing.

Additional Changes

- Outside areas
- Plant walkway intersections
- Members meeting standing locations
- Barriers finishing, die cast
